

CIURY'S SERVICES SRL — ROMANIA

SENIORI CONECTAȚI

A programme for inclusion, digital education and social connection among older people
Programme developed by Ciury's Services SRL

Technology, made clear for older people

Phones and the internet, explained simply, patiently, step by step.

Talking to family, finding useful information, spotting a suspicious message. “**Seniori Conectați**” (Connected Seniors) helps older people use technology with confidence, become more independent and stay close to their loved ones.

Created in Romania in 2026, the programme is modern and original, structured in **12 modules and 144 lessons**, with visual explanations and practical exercises adapted to the pace of older learners. **The lessons stay with the learner for life**: they can replay them at any time, even without internet.

144

lessons in short videos
explained step by step

12

themed modules
from the phone to AI

€0

cost for seniors
free, always

WHAT OLDER LEARNERS LEARN

- **Phone and family** — using the phone, WhatsApp, video calls, photos.
- **Online safety** — protecting personal data and recognising fraud.
- **Everyday services** — public, health and banking services; online shopping.
- **The digital world** — social media and artificial intelligence, in plain language.

A COMMUNITY WHERE EVERYONE CAN HELP

We invite older people, families, supporters and organisations from Romania and across the European Union to join us. Recommend the programme, share this presentation or help us connect with a library, a municipality, an NGO or a senior centre.

JOIN THE SENIORI CONECTAȚI COMMUNITY

1. Scan the green code or visit senioriconectati.ro/en/support.
2. Read the privacy notice on that page.
3. Tap “Join the Seniori Conectați Community”.

In the WhatsApp group, your phone number is visible to other members.
